We’ve had a successful season so far with many different winners. Congratulations to all of them. Participation has been good for our local tournaments, but we need more players to sign up for our out-of-town tournaments. We’ll work on the venue for next year to help make this happen.

Remaining courses include UNM, Santa Ana, Isleta and Desert Greens. All of our tournament entry fees include prize money and sometimes range balls and lunch. They are a very good deal for this level of competitive golf. So get with your friends to sign up and enjoy all of these great courses.

Also, don’t forget to sign up for our annual Championship when the entry form comes out. We’ll play UNM, Isleta and Santa Ana. We are trying something new this year with all players playing the same course each day. The banquet will be at Isleta Casino, where the meal was excellent last year.

Although some groups are using our new “play through” rule, we still have some groups that are taking too long to play without letting anyone play through. Try to remember that you may now allow a group to play through if you are holding things up. If an open hole exists in front of you and your pace of play is slower than 4½ hours, be considerate of the group in back of you. Let them play through.

I hope you will welcome all of our new members. Keep asking your friends to join. I look forward to meeting all of you on the course.

Warren Von Worley
President, SGNM
